scale

OUR MISSION

To provide exceptional shading solutions that transform every outdoor and indoor space — with precision, quality, and lasting craftsmanship.

From a single residential awning to large-scale industrial coverage, we bring the same dedication to every project.

Our Core Values

Quality

Premium materials and meticulous craftsmanship in every project we undertake.

Innovation

Embracing new technologies and designs to stay ahead of industry trends.

Reliability

On-time delivery and steadfast commitment to every client relationship.

Integrity

Transparent pricing, honest communication, and accountability at every step.

OUR PORTFOLIO

Product Catalog

Why Choose EL Farouk?

27

Years of Experience

Founded in 1997, we bring nearly three decades of accumulated expertise to every project.

100%

In-House Production

Full control over fabrication quality — quality — every component made in in our own facilities.

14+

Global Partners

International certified material suppliers including Somfy, Serge Ferrari, JOTUN, and more.

25+

Product Solutions

The broadest shading product range in range in Egypt — one partner for all all your coverage needs.

3

Market Segments

Residential, commercial, and industrial industrial — equal expertise across all across all project types.

All

Under One Roof

Design, fabrication, and installation installation handled as one coordinated, seamless flow.

Built to Last

Our products are engineered for longevity — reducing replacement cycles, material waste, and long-term maintenance costs.

Climate-Adapted Design

Products engineered specifically for Egypt's hot, arid climate — climate — UV-resistant fabrics, anti-corrosion treatments, and and heat-deflecting materials.

Energy Efficiency

Effective shading reduces indoor temperatures, lowering air air conditioning usage and energy consumption — a measurable measurable environmental and economic benefit.

Premium Material Sourcing

International certified materials from partners like Serge Ferrari and SIOEN — known for their commitment to performance and responsible manufacturing.

Long-Term Warranty

We stand behind every installation with comprehensive warranty coverage and dedicated after-sales service.
